

STUDENT SCIENCE SHOWCASE

DEADLINE: MARCH 20

The Celebrate the Gulf Marine Education Festival will be held Saturday, April 11, 2026, at War Memorial Park in Pass Christian, MS. Students 1st - 12th grades are invited to participate in this year's Student Science Showcase.

The Student Science Showcase is an exciting opportunity for students to showcase the science they are doing at their school, their community or at home. Projects from individuals or groups between 1st through 12th grades will be selected by our committee to showcase their science at Celebrate the Gulf 2026. The committee welcomes projects from students in any school setting, including homeschool.

This gives students the opportunity to present their work to the MS Gulf Coast community, alongside other scientists. Students representing projects selected will receive a Celebrate the Gulf t-shirt and meals will be provided throughout the day.

The winners of the showcase will receive a scholarship.

APPLICATION DEADLINE: MARCH 20
